### ICD-10 Training is well under way Command Center Planned as Preparations Enter Home Stretch *(excerpt from THC ICD-10 Newsletter/Issue 11)*

“ ICD-10 implementation is already beginning behind the scenes: we are testing, verifying, and preparing all our protocols for go-live and critically for the days and weeks that follow. We’ll be watching critical metrics, like codes entered, charges submitted, timelines to reimbursement, and the like, all from a central command center. That Command Center will be in touch with all our

locations, and have direct access to senior leaders to make the critical calls. It will host regular leadership calls be ready to dispatch teams to the field where they are needed most. Be on the lookout for announcement on how and when to communicate with the command center.”
