Treatment, Payment, Health Care Operations

We are permitted to use and disclose your medical information to those involved in your treatment. Texas Health Care, PLLC is a multi-specialty practice and when we provide treatment, we may request that all of your physicians share your medical information with us. For example, your care may require both primary care physicians and specialty care physicians. When we provide treatment, we may request information from all of your physicians so that we can appropriately treat you for all other medical conditions, if any.

- If your physician is a primary care physician, your care may require the involvement of a specialist. When we refer you to a specialist, we will share some or all of your medical information with that physician to facilitate the delivery of care.

Disclosures That Can Be Made Without Your Authorization

There are situations in which we are permitted by law to disclose or use your medical information without your written authorization or an opportunity to object. In other situations we will ask for your written authorization before using or disclosing any identifiable health information about you. If you choose to sign an authorization to disclose information, you can later revoke that authorization, in writing, to stop future uses and disclosures. However, any revocation will not apply to disclosures or uses already made or taken in reliance on that authorization.

Required by Law

We may release your medical information where the disclosure is required by law.

Other uses and Disclosures

We will not use or sell your protected health information for marketing or any other purposes without your expressed permission.

Your Rights Under Federal Privacy Regulations

The United States Department of Health and Human Services created regulations intended to protect patient privacy as required by the Health Insurance Portability and Accountability Act (HIPAA). Those regulations create several privileges that patients may exercise. We will not retaliate against a patient that exercises their HIPAA rights.

Requested Restrictions

You may request that we restrict or limit how your protected health information is used or disclosed for treatment, payment, or healthcare operations.

- If you have health insurance coverage and personally pay, out-of-pocket, in full for medical services provided, you may request that we not submit any information regarding these services to your insurance carrier.
- To request this restriction, notify the front desk of the physician's office. You will be provided with a separate form documenting this request. Please give or send the request to the Practice Team Liaison in this office.

You may also request that we limit disclosure to family members, other relatives, or close personal friends that may or may not be involved in your care.

Receiving Confidential Communications by Alternative Means

You may request that we send communications of protected health information by alternative means or to an alternative location. This request must be made in writing to the person listed below. We are required to accommodate only *reasonable* requests. Please specify in your correspondence exactly how you want us to communicate with you and, if you are directing us to send it to a particular place, the contact/address information.

Inspection and Copies of Protected Health Information

You may inspect and/or copy health information that is within the designated record set, which is information that is used to make decisions about your care. Texas law requires that requests for copies be made in writing and we ask that requests for inspection of your health information also be made in writing. Please send your request to the person listed below.

We can refuse to provide some of the information you ask to inspect or ask to be copied if the information:

- Includes psychotherapy notes.
- Includes the identity of a person who provided information if it was obtained under a promise of confidentiality.
- Is subject to the Clinical Laboratory Improvements Amendments of 1988.
- Has been compiled in anticipation of litigation.

We can refuse to provide access to or copies of some information for other reasons, provided that we provide a review of our decision on your request. Another licensed health care provider who was not involved in the prior decision to deny access will make any such review.

Texas law requires that we are ready to provide copies or a narrative within 15 days of your request. We will inform you of when the records are ready or if we believe access should be limited. If we deny access, we will inform you in writing.

HIPAA permits us to charge a reasonable cost based fee. The Texas State Board of Medical Examiners (TSBME) has set limits on fees for copies of medical records that under some circumstances may be lower than the charges permitted by HIPAA. In any event, the *lower* of the fee permitted by HIPAA or the fee permitted by the TSBME will be charged.

Amendment of Medical Information

You may request an amendment of your medical information in the designated record set. Any such request must be made in writing to the person listed below. We will respond within 60 days of your request. We may refuse to allow an amendment if the information:

- Wasn't created by this practice or the physicians here in this practice.
- Is not part of the Designated Record Set?
- Is not available for inspection because of an appropriate denial.
- If the information is accurate and complete.

Even if we refuse to allow an amendment you are permitted to include a patient statement about the information at issue in your medical record. If we refuse to allow an amendment we will inform you in writing. If we approve the amendment, we will inform you in writing, allow the amendment to be made and tell others that we know have the incorrect information.

Accounting of Certain Disclosures

The HIPAA privacy regulations permit you to request, and us to provide, an accounting of disclosures that are other than for treatment, payment, health care operations, or made via an authorization signed by you or your representative. Please submit any request for an accounting to the person listed below. Your first accounting of disclosures (within a 12 month period) will be free. For additional requests within that period we are permitted to charge for the cost of providing the list. If there is a charge we will notify you and you may choose to withdraw or modify your request *before* any costs are incurred.

Appointment Reminders, Treatment Alternatives, and Other Health-related Benefits

We may contact you by telephone, mail, or both to provide appointment reminders, information about treatment alternatives, or other health-related benefits and services that may be of interest to you.

Complaints

If you are concerned that your privacy rights have been violated, you may contact our Privacy Officer. You may also send a written complaint to the United States Department of Health and Human Services. We will not retaliate against you for filing a complaint with the government or us. The contact information for the United States Department of Health and Human Services is:
